Lodhi Road, New Delhi-11003

Dear Sir,

This is in reference to the clarification required regarding inclusion of the bio digester in the NOC from PCB. Our bio digester is not a standalone project. It is a part of the effluent treatment plant of the palm oil industry. Generally the NOC from PCB is given for the whole palm oil industry including the effluent treatment plant. It depends upon the PCB whether to mention the bio digester in the NOC or not.

In this regard we like to mention that we attended PAC meeting held at MNRE on 15.11.2019. In that PAC meeting the issue regarding the inclusion of bio digester was discussed. It was decided that we have to inform the PCB about the installation of the bio digester. After the decision in the meeting we have informed the PCB about the installation of the bio digester (Letter attached herewith). The decision might be there in the minutes of the meeting. We request you to kindly verify the same with the members of the PAC including the Deputy Secretary and the Joint Secretary who were present in the meeting.

We hope the letter to the PCB for inclusion and the NOC from PCB for our palm oil industry along with the effluent treatment plant and the decision of the PAC will help you in further processing of our subsidy claim.

Thanking you,

Yours faithfully,  
For Telangana State Co-Operative Oilseeds Growers' Federation Ltd.

To,  
The Member Secretary,  
Pollution Control Board,  
Telangana.

Dear Sir,

We are going to install a bio digester of capacity 20000 m<sup>3</sup>/day in our palm oil industry at Apparaopeta (V), Dammipeta Mandal, Khammam District, Telangana State, India. We like to request you to kindly include the bio digester in your NOC. We will be highly obliged if you kindly do the needful at the earliest.

Thanking you,

Yours faithfully,  
For Telangana State Co-Operative Oilseeds Growers' Federation Ltd.
